

Self-Referral Form - Integrated Hearing Service for Age Related Hearing Loss 50 years+ Lancashire and South Cumbria

Please complete this form to access the self-referral audiology service in Lancashire and South Cumbria.

If you have difficulties completing this form, please contact your provider of choice directly (contact details can be found below). They will be able to help you to complete this form.

About your hearing problem

Have you noticed any problems with your hearing?	Yes □	No □			
If yes, are you concerned or worried about your hearing difficulties?					
If yes, would you be prepared to consider using hearing aids?					
If you answer <u>YES</u> to any of the questions below, you will not be eligible for the Community Adult Hearing service and should make an appointment with your GP Practice.					
Have you experienced:	Yes	No			
Persistent pain affecting either ear lasting more than seven days within the last 90 days?					
Any discharge from either ear within the last 90 days other than wax?					
Sudden (within seven days) loss or deterioration of hearing not associated with a cold or upper respiratory tract infection. If so, seek medical advice.					
Rapid (within 90 days) loss or deterioration of hearing?					
Fluctuating hearing loss, other than associated with colds?					
History of surgery on the ears other than grommets (unless grommets inserted in the past 12 months?)					
Vertigo (nausea, swaying or floating sensations) within the last 90 days?					
Tinnitus (e.g. internal sounds in the ear) in one or both ears lasting for more than five minutes at a time, or that is in time with your heartbeat/pulse, or that is severe enough to disturb your sleep.					
Have you had NHS hearing aids supplied in the last three years? (If yes, please contact your previous provider)					
Please provide details of any relevant medical information and any oth considerations (such as any ear operations, a learning disability, mobil language needs):					

If you think that you have ear wax, please discuss this with your provider of choice. Wax must be dealt with first, as it can sometimes mean a hearing assessment cannot take place, although not always, or the hearing aids cannot be fitted.

If a provider is involved in completion of the form and you have answered 'yes' to any of the above questions, you do not meet the criteria for self-referral.

The provider will direct you on next steps and, if necessary, report this to your practice (including speaking to the practice to hand over details if urgent) and the reasons for not meeting the criteria. Please also contact your GP practice within approximately two weeks to discuss.

If you have selected 'No' in response to all the questions above:

Thank you for completing the survey. Your answers have shown that you are eligible to self-refer to the local audiology service. Please now get in touch with your provider of choice via telephone, or online to arrange next steps. You can access a list of providers below.

Please note that no further action will be taken unless you contact your provider of choice.

Please note that, should you have a hearing test and be fitted with a hearing aid(s), the provider will manage your aftercare and review appointments. Typically, at the end of three years, you can be offered a new full reassessment and be offered choice of provider. Your existing provider will help with this.

Please complete the following questions to tell us more about you, so we can understand your needs better.

About you:

NHS Number:	Age:	Date of Birth:
Surname:	Title:	
Forenames:		
Address:		
Postcode:	Email	
	Address:	
Preferred Tel	Mobile Tel	
No:	No:	
Ethnic Origin:	1.33.	
GP Surgery		
Name and		
Address:		

Thank you for taking the time to complete this form, please keep it and show it to the relevant provider if needed.
